Strategy #1 • The Pre-Game Post Enhancer

HOW IT WORKS

**Do this about
1 hour before
you post,**

**every time, to get up to
30,000+ MORE Organic Views
on every post!**

Strategy #1 • The Pre-Game Post Enhancer

HERE'S WHAT YOU DO

STEP 1

Build a list of **200+ experts** in your niche with a minimum of **50,000+ followers** and at least **4% engagement**.

STEP 2

Comment on **60 to 70** of their posts **every single day**. Like the post too.

STEP 3

Get in within **2 minutes** of the post going live. Late comments do nothing.

STEP 4

Write **2 to 4 sentences** that stay on topic and add real value. Never one word.

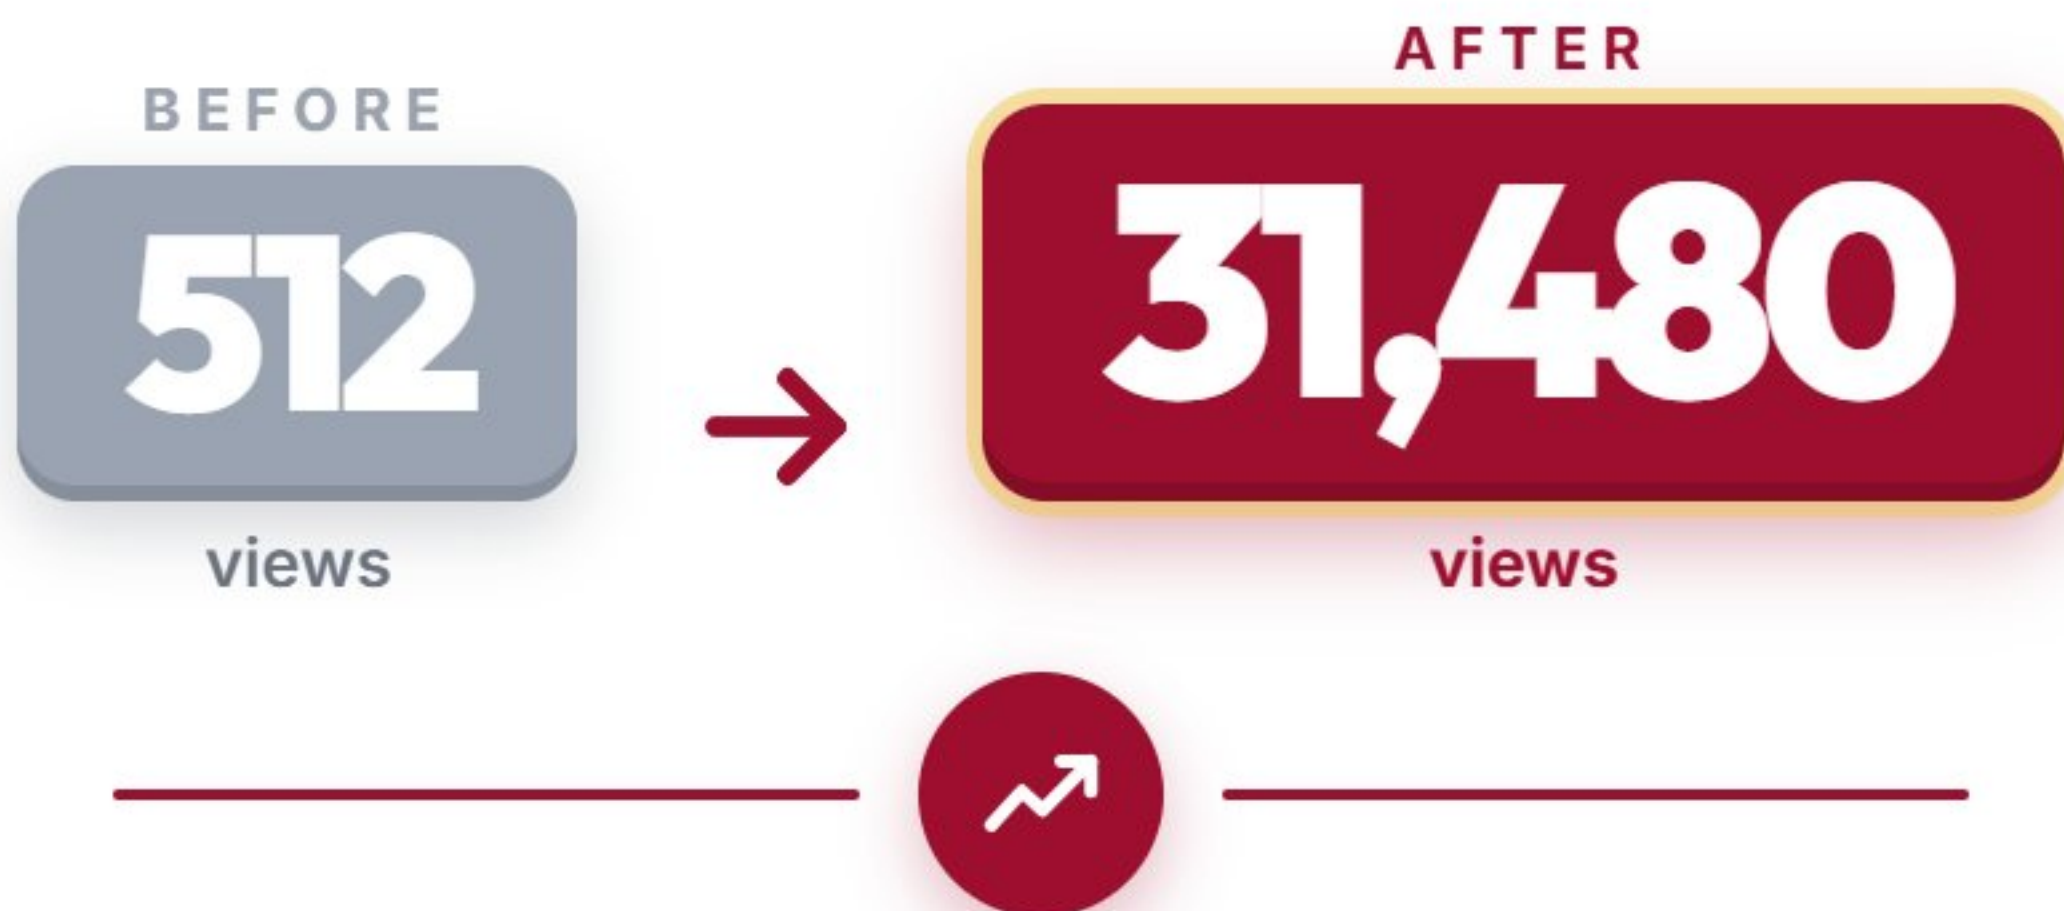

STEP 5

Motivate, inspire, or give insider info they **cannot get anywhere else**.

Strategy #1 • The Pre-Game Post Enhancer

THESE ARE MY RESULTS

**On a single post,
in 21 days.**

Same account. Same writing. The only thing that changed was where I showed up before I posted.

Strategy #2 • The 2-Minute Follower Hijack

HOW IT WORKS

Partner with creators who have **HUGE** followings to **STEAL** their audience for that post of hundreds of thousands **of viewers!**

Strategy #2 • The 2-Minute Follower Hijack

HERE'S WHAT YOU DO

- STEP 1** Pick 10 creators or leaders in your niche with 100,000+ followers and real engagement.
- STEP 2** Partner with them directly. Support their posts first, every day, before you ask for anything.
- STEP 3** Give them your exact posting days and times so they know when to show up.
- STEP 4** They like, comment, and repost within 2 to 5 minutes of your post going live.
- STEP 5** Their 1 Million+ engaged viewers in your industry now see your post as if it were theirs.

Strategy #2 • The 2-Minute Follower Hijack

THESE ARE MY RESULTS

On the **exact same post.**

One comment, 47 seconds in, from an 80,000 follower account.
The algorithm read it as authority and pushed the post far outside
my network.

Strategy #3 • The Networking Mastery Method

HOW IT WORKS

The posting strategy that takes you from **0 to 10 likes** per post to **100+ likes** per post in just weeks!

Strategy #3 • The Networking Mastery Method

HERE'S WHAT YOU DO

- STEP 1** Tuesday, 7:45am. Proof post. A client result with the real number in it.
- STEP 2** Wednesday, 8:15am. Teaching post. One tactic they can run today.
- STEP 3** Thursday, 7:45am. Point of view post. What your industry gets wrong.
- STEP 4** Sunday, 6:00pm. Story post. Why you do this work.
- STEP 5** Never two of the same type back to back, never post twice in one day, and answer every comment within 5 to 10 minutes.
- STEP 6** Tag 5 to 10+ leaders in your niche on every post, each with 75,000+ followers and real organic engagement.
- STEP 7** You **MUST** have their express permission to tag them. Tag without it and LinkedIn blocks you and those leaders blacklist you.

Strategy #3 • The Networking Mastery Method

THESE ARE MY RESULTS

5,000+

I get 5,000+ reactions on an **average** post.

One of them hit 19,709 reactions and 1,889 comments. The rotation is what turned readers into people who wait for the next one.

Strategy #4 • The Karma Method

HOW IT WORKS

Support ***LOTS*** of other creators every single day and they come back and support you with ***likes, comments, and follows.***

Strategy #4 • The Karma Method

HERE'S WHAT YOU DO

- STEP 1** Build a list of **5,000 of your ideal buyers** and audience members using Sales Navigator or a proprietary tool.
- STEP 2** Monitor those accounts so you know the moment any of them posts.
- STEP 3** Be the **FIRST person to like** that post. Every time. Speed is the whole play.
- STEP 4** Do this across **several thousand posts a week**, spread out and consistent.
- STEP 5** They notice, they check you out, and they convert into **real followers** who engage back.

Strategy #4 • The Karma Method

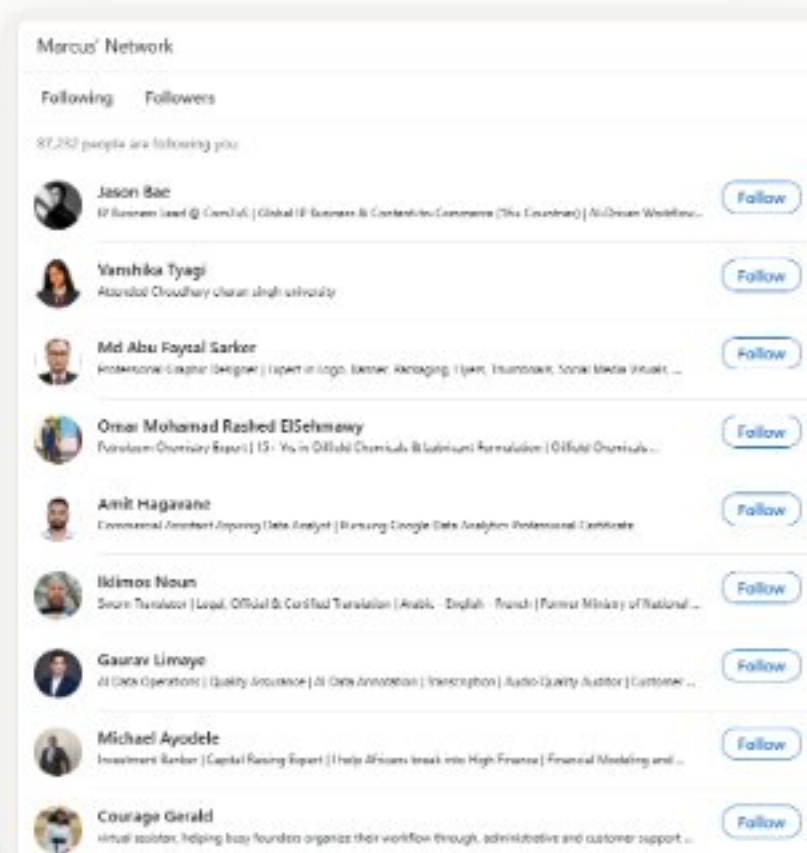

THESE ARE MY RESULTS

300 to 500+

New organic followers every single day.

Not bought, not bots. Real people in my niche who saw me support them first.

WARNING

Do not spam, do not use automation, and do not overdo it. LinkedIn will ban you and that is devastating. Slow, human, and consistent wins.

There is ***no automation*** that can run this. Not one.

- Every bot, scheduler, and growth tool that touches this gets you **banned**. Permanently.
- It has to be **real humans** who know the real rules and the exact limits that trigger a flag.
- You do not have the expertise or the manpower to run all four of these alone. Nobody does.
- It takes **several teams working around the clock**, every day, without a single shortcut.

One wrong tool and the account you spent years building is gone.

AND THERE IS MORE

You cannot run this for yourself. *Nobody can.*

2 min

to catch a post before the window closes

60

posts caught that fast, every single day

900+

replies and likes on top, plus every DM

24/7

your buyers do not post on your schedule

That is a full time job on top of the one you already have. I tried. It cannot be done alone.

PROOF • MY OWN ACCOUNT

"Thank you a thousand times over! I feel like I tried everything and wasted a bunch of time and a bunch of money on people that I trusted that were supposed to be experts, with nothing to show for it. Marcus and his team underpromised and over delivered. I got more sales, calls and followers than promised and I'm so grateful!"

You do not need another course.

You need someone who has already walked it, **walking it with you.**

Every person who made it had someone go first. Elisha did not read a book. He followed the man who already carried the mantle.

I did this for myself. Then for *hundreds of others.*

Now let me do it for you.

Faith + Strategy. You need both.

Faith brought you here. Strategy takes you the rest of the way.

Pick your follower number. *My team delivers it.*

Every plan is **100% done for you**. No contracts, no commitments, cancel any time.

Pay upfront and you never pay the higher monthly price.

Pay for your term upfront and your first month price is locked for the entire term. Same plan, same team, same guarantee, at the intro rate the whole way through.

3 months

paid upfront, first month price locked for all 3

6 months

paid upfront, first month price locked for all 6

12 months

paid upfront, first month price locked for all 12

Example on Icon Empire: \$3,500 a month for 12 months instead of \$6,995. That is \$41,940 saved over the year.

WHICH ONE, AND DOES IT PAY BACK

Pick by your average sale, not by the follower number.

Average sale **under \$1,500**: start on Icon Growth. You need volume of conversation more than reach, and \$995 a month is covered by one client.

Average sale **\$1,500 to \$5,000**: Icon Authority. At \$2,495 a month it pays for itself on the first close, and 18 to 20 calls a week at a 70 percent close rate is not a close call.

Average sale **over \$5,000**: Icon Empire. At \$6,995 a month, one closed client in the first two weeks covers it. Everything after that is margin.

Move up or down a plan any month. Nothing is locked, and moving up does not restart anything.

YOUR RISK, IN FULL

- ✓ No contract and no minimum term. Cancel before your renewal date, in an email, and it is done.
- ✓ Miss your plan's follower number in 30 days and the next month is free.
- ✓ You keep everything. The rebuilt profile, the banner, the graphics and every post we wrote stays yours if you leave after month one.
- ✓ Revoke our access the same day you cancel. Nothing stays connected to your account.

- **5 client slots this quarter, and that is the real number. Onboarding is capped so the same named team stays on every account. When the 5 are taken the next opening is October.**

Trusted by more than **250+ clients.**

Real founders, coaches and consultants my team has grown.
Not testimonials I bought. People whose names I can say out loud.

- Every one of them started in a different situation, with some almost identical to yours. The only difference is they stopped trying to figure it out alone.
